FAQ:

Q: What are synthetic hair wigs?

A: Synthetic hair wigs are hairpieces made from synthetic fibers that imitate the look and feel of human hair.

Q: What are the advantages of synthetic hair wigs?

A: Synthetic hair wigs are generally more cost-effective and require less maintenance than human hair wigs. They are also more resistant to damage caused by heat and humidity.

Q: Are synthetic hair wigs durable?

A: Synthetic hair wigs are more durable than human hair wigs. However, they are not as strong as human hair wigs and can become frizzy or matted after prolonged use.

Q: How should I care for my synthetic hair wig?

A: Synthetic hair wigs should be washed every two weeks and styled with a special synthetic hair styling product. Heat should be avoided as it can cause damage to the fibers.

Q: Can I dye my synthetic hair wig?

A: Synthetic hair wigs cannot be dyed as the color is permanently set. If you want to change the color of your wig, you should buy a new wig in the desired color.
