How to wish and care the hairs?

| | |
|----|---|
| 1) | Wash the hair every 3-5 days with warm water around 40 degrees Celsius. Use always professional products. |
| 2) | Dry your hair with a good towel, do not roll the hair into the towel. Air drying will be recommended. |
| 3) | Comb with a WIRE brush after drying. |
| 4) | For the wavy and curly, use some hair gel to help holding the texture after washing. And it's preferable to do it with fingers. |
| 5) | Avoid overuse of hot curlers and flat-irons which will shorten the life of hair. When perming or dyeing the hair, use some nutrition water or a protectant. |
| 6) | Do not expose the hair to the sun for a long time. |
| 7) | It would be best to take the hair off before you go to bed, or use a special cap to protect hair. |
